

GFCE Internship Opportunity

The Global Forum on Cyber Expertise (GFCE) Secretariat is seeking an organized, efficient, and communicative intern to support the Secretariat in communications and [Cybil Knowledge Portal](#) in its main office in The Hague, the Netherlands. The internship is for 6 months with a preferred starting date of **1 November 2020**.

Background

Established in 2015, the GFCE is a multi-stakeholder community of more than 115 members and partners consisting of governments, IGOs, companies, academia and project implementers from all regions of the world. Its mission is to strengthen cyber capacity and expertise globally by being a pragmatic, action-orientated and flexible platform for international collaboration. The GFCE delivers its mission through coordination to avoid duplication of efforts and blind spots; knowledge sharing to improve the efficiency and effectiveness of projects; being a Clearing House to connect requests for assistance with offers of support; and identifying and filling knowledge gaps with the development of a global CCB Research Agenda. More information can be found on www.thegfce.org.

Role

The role of the GFCE intern is to provide support to the GFCE Secretariat by assisting in improving the communication of the GFCE Secretariat's messages to the GFCE Community (and beyond) through member mailings, publications, email and social media; and with the Cybil Knowledge Portal. We offer the opportunity to experience firsthand how an international forum dealing with the dynamic subject of cyber capacity building operates globally. The intern will be given the opportunity to communicate with international stakeholders such as governments, companies and international organizations and to perform dynamic tasks such as performing research, writing reports and facilitating international meetings on cyber capacity building. The position requires a high degree of responsibility, discretion and confidentiality.

Duties and Responsibilities
